

CONSERVATION MANAGEMENT WITHIN THE COMMUNITY.

Since its formation, BADCOG has been involved in numerous conservation management projects, including Community Wood planting schemes, planting new boundary hedgerows or just 'one-off' projects to help the environment or the local community. Some of these projects may require sporadic involvement (tree-care, weeding etc), but many no longer require any management. Below is a list of sites BADCOG have been involved with since its foundation:

Churchyards:

Braydeston—St. Michael.	1985.	12 Mixed native trees.
